VisbellaDIY Leather &Vinyl Repair Kit is a very handy and easy-to-use kit that helps you repair any cracks, cuts, burns and tears on leather and vinyl material surfaces. A variety of colors and grain papers designed to match surrounding materials are included to help make repairs blend in with the surrounding vinyl or leather. A color matching guide helps determine the correct color to match the damaged surface. With complete step-by-step instructions that come included in the kit, you can achieve a professional looking result without the expensive cost of hiring a professional. This repair kit is good for repairing any burn holes, rips, and tears on leather or vinyl material surfaces such as: Automotive upholstery & trim, furniture, leather jackets and clothing, sofas, couches, convertible tops, dashboards, boat seats, upholstery, luggage, apparel, and carpets.

Benefits & features

Make permanent, perfectly blended repairs

Matches all popular colors and grains

Does not distort during curing process

Saves cost on expensive repair or replacement

Wide range of applications including automotive and boating upholstery, furniture, luggage, jackets, carpets and more

Works on

Car Upholstery, Dashboards, Motorcycle Seats, Vinyl Tops, RV Upholstery, Briefcases, Furniture, Footwear.
